August 2019

Dear Parents and Staff:

This notification is required by the Asbestos Hazard Emergency Response Act and is in accordance with 40CRF Part 763 of the Act. Every year, we are required to inform you that an Asbestos Management Plan (AMP) has been prepared and is available at the Brennan-Rogers School (3-8), 200 Wilmot Rd., New Haven. The AMP includes an Operations and Maintenance (O&M) program designed to prevent asbestos fiber release through proper cleaning, maintenance and repair. The O & M program will remain in effect until all asbestos-containing building material (ACBM) is removed from the building.

The buildings are inspected every six (6) months to determine any changes in the conditions of the materials. In addition, the buildings are thoroughly reinspected every three years by licensed asbestos inspectors following the same basic criteria as the original inspection. Our next full inspection is due in May 2021.

Brennan-Rogers School (3-8) maintains its complete updated copy of the asbestos management plan in the Principal's Office. It is available during normal business hours for inspection.

The designated person for the school district's Asbestos program is John Barbarotta, and he can be contacted at 475-220-1644. A copy of the full plan is available at 375 Quinnipiac Ave., New Haven, CT.

Any question regarding this notice may be directed to the Facilities Services Department at 475-220-1631.

Sincerely,

Carol D. Birks, Ed.D.

August 2019

Dear Parents and Staff:

This notification is required by the Asbestos Hazard Emergency Response Act and is in accordance with 40CRF Part 763 of the Act. Every year, we are required to inform you that an Asbestos Management Plan (AMP) has been prepared and is available at Sound School, 60 South Water St., New Haven. The AMP includes an Operations and Maintenance (O&M) program designed to prevent asbestos fiber release through proper cleaning, maintenance and repair. The O & M program will remain in effect until all asbestos-containing building material (ACBM) is removed from the building.

- G.E. Foote Aqua Center #1 (Thomas Bldg.), 40 So. Water St.
- G.E. Foote Aqua Center #2 (Anderson Bldg.), 60 So. Water St.
(No asbestos-containing material in this building)
- G.E. Foote Aqua Center #3 (McNeil Bldg.), 60 So. Water St.
(No asbestos-containing material in this building)
- G.E. Foote Aqua Center #4 (Emerson Bldg.), 82 So. Water St.
(No asbestos-containing material in this building)
- G.E. Foote Aqua Center #5 (Foote Bldg.), 17 Sea St.
(No asbestos-containing material in this building)

The Thomas Building is inspected every six (6) months to determine any changes in the conditions of the materials. In addition, the building is thoroughly reinspected every three years by licensed asbestos inspectors following the same basic criteria as the original inspection. Our next full inspection is set to be completed by in May 2021.

Sound School maintains its complete updated copy of the asbestos management plan in the Principal's Office. It is available during normal business hours for inspection.

The designated person for the school district's Asbestos program is Mr. John Barbarotta, and he can be contacted at 475-220-1644. A copy of the full plan is available at 375 Quinnipiac Ave., New Haven, CT.

Any question regarding this notice may be directed to the Facilities Services Department at 475-220-1631.

Sincerely,

Carol D. Birks, Ed.D.
Superintendent
