- c. If this is a continuation, when was the last time alternative quotes were requested?
- d. For new or continuation: is this a service existing staff could provide. If no, why not? First Student does provide transportation for the students in out of district programs, but the daily rate for the buses, which may only carry one or two students, is significantly greater than the \$100 per diem charge from ACES RSET.

8. Contractor Selection:

Answer all questions

- a. What specific skill set does this contractor bring to the project? If a new contractor, please attach a copy of the contractor's resume. The ACES RSET is a Collaborative which works with many other local special education departments in an effort to reduce the cost of out-of-district transportation by ride-sharing with other local LEAs.
- b. How was the Contractor selected? Quotes, RFP/RFQ, Sealed Bid or Sole Source? The ACES RSET Collaborative utilized an RFP with a Sealed Bid.
- c. Please describe the selection process including other sources considered and the rationale for selecting this Contractor: Curtin Transportation was selected in part due to the best price and participating LEAs in the Pilot were surveyed regarding which transportation provided had best rating for working with out of district students and Curtin was unanimously recommended.

9. Evidence of Effectiveness & Evaluation

Answer all questions

- a. What specific need will this contractor address and how will the contractor's performance be measured and monitored to ensure that the need is met? Utilizing ACES RSET allows NHPS to save on the cost of transporting small numbers of students (one or two per bus) to their out of district programs by combining other LEAs with one or two students that attend the same school, which reduces the number of buses that go to a school and sharing the cost of the students' transportation with several districts. The RSET program also manages the routing and daily changes made by families. The contractor's performance is measured yearly by the ACES RSET administration and reviews incident reports, timely pick up and discussed yearly with the participating LEAs of the Collaborative.
 - b. If this is a renewal/continuation service attach a copy of the evaluation or archival data that demonstrates effectiveness.
 - c. How is this service aligned to the District Continuous Improvement Plan? This service aligns with the Collaboration component of our District Continuous Improvement Plan. Working with other LEAs to find a way to not only reduce the sky-rocking costs of special education transportation to out of district programs, but to work collaboratively to provide our neediest students with access to consistent, high-quality transportation.
10. Why do you believe this Agreement is fiscally sound? This Agreement is fiscally sound as it saves the district, in some cases, up to \$300 per day per student for up to 210 days per year.
11. What are the implications of not approving this Agreement? If this agreement is not approved, costs of out of district transportation will increase significantly.

2. Students – The District will designate which of its special education students it wishes to be transported under this Agreement. The District will provide to ACES all relevant information about the student, including but not limited to age, gender, identified disabilities, health issues, behavioral problems, and other individualized needs. ACES agree to keep such information confidential and will abide by any and all relevant privacy standards to do so.
3. Shared Vehicles – It is expressly understood between the Parties that the Service provided by ACES under this Agreement is a multi-district, regional service and will overlap with the same or similar services provided by ACES to other school districts in the region. The District understands that the students it designates for this Service, to the maximum extent possible, will be sharing vehicles with students from other districts who are going to the same or nearby out-of-district educational service provider. The District understands these parameters, and in signing this Agreement, expressly agrees to these conditions for those students it designates for participation.
4. Routes – Based on the level of participation from school districts as well as the number of students attending a particular out-of-district educational service provider, ACES will develop routes for student pickup and drop off in the most efficient manner possible in consultation with receiving schools' site administrators. ACES will accommodate fixed A.M. pick-up and P.M. drop-off sites within the student's sending district.
 - a. Right to Approve - The District will have the right to review these routes prior to their being bid out to transportation providers. If the District objects to any proposed route, ACES will engage in discussions with the District to accommodate those objections. If acceptable accommodations cannot be made, the District may withdraw in whole or in part from the Service prior to the Commitment Date for Participation.
 - b. Right to Cancel – In the event that ACES determines a route is no longer feasible to maintain, ACES reserves the right to cancel a designated route for cause at any time. Notification of cancellation to the District shall be provided at least thirty (30) days in advance, and to the maximum extent possible, will coincide with either the end of either the calendar year or the school year.
 - c. Notice of Modification of Routes – ACES shall notify the District of any changes to the agreed upon routes that will significantly impact a student's transportation time and/or the cost of the Service to the District.

"Innovators in Education"

5. Fees for Services – The District and ACES will agree on the following cost estimates and charges prior to the commencement of the Service:

 - c. Required Equipment – For those students requiring additional equipment, ACES will procure and install such equipment, train drivers and aides in its use, and bill those costs separately to the District. The minimal cost of three dollars (\$3.00) per student, per equipment, per day travelled, for use of harness, tethers, car seats, etc.
 - d. Variations – Any variations in established routes, such as cancellations or extended drop off arrangements, will be billed separately to the District.
 - e. Monitor – For those students requiring a monitor, ACES will provide trained monitors and bill the districts separately. Daily rate of one hundred fifty dollars (\$150.00).
 - f. Solo Rider - For those students requiring a solo ride, the cost will be quoted per student per day travelled.

ACES will invoice the District monthly for all fees, and all invoices shall be payable on a "Net 30" basis. If any District changes its participants at any time during the school year, ACES will re-calibrate the fees charged to each affected District at the end of each month based on each affected District's daily enrollment in the Service. Student charges will commence on the first day the student is in the transportation program. Districts will be charged for all days regardless if the students are transported or not, unless advance (24 hours) notice is given that the student will be absent for an extended amount of time. Transportation pricing will be set each year no later than December 31st of each budget year.

"Innovators in Education"

6. Term of Agreement – This Agreement contemplates that the 2023-2024 Academic Calendar Year shall be considered “Year One” of the Service. The district will commit for a one-year (1) term beginning July 1, 2023 to June 30, 2024, and renewal thereafter every year.
7. Penalties – Once the District commits to participate in the Service, it is expressly understood by the Parties that ACES will begin to incur actual expenses toward its implementation by the start of the coming school year. If the District withdraws from the Service, ACES will, in consultation with the District, assess what, if any, stranded expenses it has incurred as a result of the District’s withdrawal. ACES will invoice the District for such expenses, and the District hereby agrees to be liable for such expenses.

Similarly, once students, routes, costs and fees are finalized on or before August 1, 2023, if ACES withdraws from any portion of the Service that affects the District, the District shall, in consultation with ACES, assess its stranded costs caused by such withdrawal and invoice ACES for such expenses. Absent its withdrawal for cause as described in Paragraph 4.b., ACES agrees to be liable for such expenses.
8. Termination - If the District and/or ACES chooses to terminate the agreement, one (1) month written notice of intent to terminate the contract must be submitted.
9. Special Circumstances – The Parties expressly understand that, for medical, behavioral or other reasons, a student may not be equipped to share transportation with other students attending the same educational service provider. If such special circumstances exist, ACES agrees to work with the District to consider alternative options. However, ACES will not guarantee an accommodation for such students if such options are financially or logistically infeasible.

In addition, if a student’s circumstances present other chronic problems to the provision of the Service, such as parents’ or guardians’ consistent failure to be home to take custody of the student, ACES reserves the right to cancel Services for that student subject to prior discussion with the District.
