## 12. Why do you believe this Agreement is fiscally sound?

The competitive rate provides the district to use the resources and connection within the community to successfully engage the student and their families to come back into school.

## 13. What are the implications of not approving this Agreement?

- a. The implications of not approving this agreement revolve around the current situation regarding Chronic Absenteeism. Without the ability to reconnect and engage with a student, Absenteeism rates will continue to increase.
