Key Questions:

- 1. Please Describe how this service is strategically aligned with school or District goals:**
The Mission of the Food Service Department is to ensure that delicious, health meals are available to all New Haven students. We strive to serve good quality meals utilizing ingredients from many local producers that promote the health and wellness of students, so they can be more productive in the classroom. This will help meet the district's goals: economical, quality, and sustainable food service program.
- 2. Please describe the evidence of effectiveness for this contractor. In addition, how is or will the contractor be evaluated? If a continuation service, what are the results of last year's evaluation?**
Vendor(s) are evaluated throughout the school year based on product sensory (food evaluation) delivery expectations, customers service, and other criteria set at the beginning of the school year. All vendors mentioned above have been used with no issues.
- 3. Why do you believe this agreement is fiscally sound? Include how the contractor was selected (various quotes vs. RFP vs Sole Source), whether and why the cost has increased over last year (if continuation), and what an alternative might cost?**
The Vendor(s) was selected based on RFP 2020-02-1320.
